**LWTL
 RULING # 001**

Apprentice jockey Gonzalo Nicolas, having supplied medical documentation in support of his request for an extension of his apprentice jockey's license, is granted an extension of 215 days. Mr. Nicolas' apprenticeship shall terminate on May 28, 2015 or until he has ridden his fortieth (40th) winner, whichever occurs later.

This ruling was issued after Mr. Nicolas provided documentation for his request of an extension of his apprenticeship. He was injured during the Santa Anita winter meeting and has just been cleared to return by his physician.

**LWTL
 RULING # 002**

Trainer Justin Clark, pursuant to California Horse Racing Board rule #1629 (penalty for late declaration) is fined four hundred dollars (\$400.00)* for violation of California Horse Racing Board Rule #1437 (conditions of a race meeting-failed to have required workout) which resulted in the late declaration of Caliente Cat from the second race at Los Alamitos Race Course on December 5, 2014.

The foregoing ruling was issued after Mr. Clark accepted responsibility for failing to have sufficient works on his horse Caliente Cat, which resulted in the horse being scratched.

12/06/14²**FITNESS HEARING**

Groom Jorge Rangel, who was suspended back in 2011 for failing to appear at a Stewards' hearing, was in the office this morning seeking to renew his license. He was the subject of a security report as he felt ill after ingesting marijuana and had to be transported to a local hospital. Since his suspension he has worked off of the track but now has the opportunity to gain employment with his former trainer, Phil D'Amato.

Mr. Rangel tested this morning and signed a testing agreement with the California Horse Racing Board. If his test comes back clean, he will be approved for a license.

12/06/14³**MEDICATION HEARING**

Trainer Ed Moger testified via telephone this morning regarding a complaint filed against him for an elevated level of Phenylbutazone found in his horse Stormy Lucy, whom he had worked for removal from the Veterinarian's List. The results showed the presence of 3.58 ug/ml of the medication in the post-work sample.

Mr. Moger was puzzled as to the results, stating that he is certain the mare only received one administration of Bute. He did mention that the horse does have abnormal liver function and wondered if that condition contributed to the overage. After deliberation, the following ruling was issued:

Trainer Ed Moger, who worked the horse "Stormy Lucy" at Santa Anita Park on October 13, 2014, for removal from the Veterinarian's List, is fined two hundred and fifty dollars (250.00)* pursuant to California Horse Racing Board rules #1866 (Veterinarian's List) and #1877 (Trainer to insure condition of horse), for violation of California Horse Racing Board rule #1844 (c)(1) (Authorized medication-Phenylbutazone in excess of permitted level 3.58 ug/ml second offense).

12/06/14⁴**VIDEO REVIEW**

Jockey Aaron Gryder was in the office this morning to review a race from the final day at Del Mar, during which he caused close quarters for a horse closing along the inside rail. Mr. Gryder admitted his mount drifted in, but thought he had left sufficient room. While the ride did not give rise to a suspension, Mr. Gryder was counseled to maintain a straight course in the stretch.

Jockey Fernando Perez reviewed the first race from Friday, during which his mount drifted in during the run down the backstretch. The incident was not sufficient for days, but Mr. Perez was admonished and told to make a stronger effort to prevent interference.

12/06/14⁵**RIDER EXCUSED**

Jockey Christian Aragon was excused from his final mount of the day as the track physician called and said that the rider suffered an injury in a previous race and could not complete the engagement. A replacement rider was named.

Trainer Ted West, Jr. testified via telephone with respect to a complaint filed against him by the Board as one of his horses showed the presence of 3.20 ug/ml of Phenylbutazone in a post-race sample. Mr. West, who has an excellent medication compliance record, was extremely puzzled by the findings and went so far as sending a split sample for analysis. He said the horse received one administration of the medication, given by dose syringe.

Given his record, Mr. West was eligible for, and received, a warning.
