

CALIFORNIA CODE OF REGULATIONS
TITLE 4. BUSINESS REGULATIONS
DIVISION 4. CALIFORNIA HORSE RACING BOARD
ARTICLE 17. FIRE PREVENTION AND SECURITY
AMENDMENT OF RULE 1927, FIRE PREVENTION

1927. Fire PreventionSafety.

~~Associations shall make adequate provision for fire prevention, protection against fire, and fire suppression within the inclosure. Before any license is granted to any association, each applicant therefor must inform the Board, in detail, of the fire prevention facilities at or available to its inclosure, and particularly its stable area.~~

~~When a licensee is unable to stable all the horses participating at its meeting on its grounds, such licensee must advise the Board of the facilities for fire prevention at the additional location where such excess number of horses will be stabled.~~

A racing association, fair, or approved training facility shall plan for and have protocols in place for instances of fire within their inclosures. Fire and life safety inspections shall be performed in accordance with the local authority and ~~appropriate National Fire Protection Association standards~~ the California Building Standards Code (California Code of Regulations, Title 24).

~~A written clearance from the fire authority having jurisdiction, stating that an inspection has been made of the inclosure and any additional location where any excess number of horses will be stalled and that the facilities conform with a reasonable standard of fire safety, shall be filed with the Board prior to the commencement of a race meeting. Such inspection shall have been made within 45 days prior to the commencement of the meeting.~~

Licensees shall document to the Board adherence to the applicable local fire protection authority by providing the following to the Board:

(a) A written clearance from the fire authority having jurisdiction over the inclosure. This written clearance shall be filed with the Board on an as-needed basis such that the written clearance is continuously in effect during the period horses or licensees are present at the inclosure.

(b) The protocols in place for instances of fire within the inclosure.

~~For the purposes of this regulation, a reasonable standard of fire safety shall require that each building, barn or structure which is used by an association for the stabling of horses or human habitation, be equipped with an automatic sprinkler system and an automatic fire alarm system, and that the stable area grounds, including any additional location where any excess number of horses will be stabled, be patrolled by a watchman during the hours of darkness. The type and installation of automatic sprinkler and automatic fire~~

~~alarm systems shall be of such quality as to afford the protection required by this regulation as determined and approved by the fire authority having jurisdiction. Portable structures or sheds fully open on at least one side, with the approval of the fire authority having jurisdiction, and trailer coaches, campers and unroofed stalls are exempted from the automatic sprinkler and fire alarm requirement, so long as they are located within the effective operating distance of exterior wet standpipe fire hose streams and within 150 feet of a manual fire alarm box.~~

Any association whose stable area, including any additional location where any excess number of horses will be stabled, does not conform with a reasonable standard of fire safety as defined in this regulation may petition the Board for an extension of time within which to comply with this regulation or exemption from such requirements. In reviewing any such petition, the Board shall take into consideration any written recommendations from the fire authority having jurisdiction as well as all other matters pertinent to the petition, including the fact that the Board recognizes that the physical structure of each racing inclosure is unique and, as such, inherent with its own particular problems. Any extension of time or exemption granted by the Board shall be in writing and may be on such conditions as the Board may deem appropriate.

Business and Professions Code.

CALIFORNIA CODE OF REGULATIONS
TITLE 4. BUSINESS REGULATIONS
DIVISION 4. CALIFORNIA HORSE RACING BOARD
ARTICLE 28. BACKSTRETCH WORKER HOUSING
AMENDMENT OF RULE 2101, DEFINITIONS

2101. Definitions.

As used in this article:

(a) "Backstretch worker" means a person required to be licensed under Rule 1481(c) of this division.

(b) "Backstretch worker housing", "habitable room" means any structure or portion of a structure whose primary purpose is for sleeping or living and is located within the restricted area of the inclosure as defined in Rule 1420(v) of this division.

(c) "Damaged" means property in a condition in which its worth or usefulness is impaired. Damage includes, but is not limited to backstretch worker housing whose components are split, buckled, sagging, rotting, broken, or defective.

(d) "Substandard housing" means backstretch worker housing or a habitable room, or any portion thereof, for which, through lack of maintenance or repair, there exists any of the following conditions to an extent that endangers the health, safety, or welfare of the occupants:

- (1) Lack of toilet or privy structure, bathtub or shower, or hot and cold running water.
- (2) Plumbing fixtures and piping that have become unsanitary or damaged.
- (3) Lack of exterior wall or roof covering adequate to protect the occupants from the elements.
- (4) Damaged exterior wall or roof coverings.
- (5) Damaged windows, exterior window coverings, or doors.
- (6) Lack of natural light and ventilation.
- (7) Damaged interior walls, ceilings, or floors.
- (8) Lack of interior flooring adequate to protect occupants from the elements.
- (9) Dampness of habitable rooms.
- (10) Lack of garbage and rubbish removal as required under Rule 3010 of this article.

(11) Infestation of insects, rodents, or other vermin.

(12) Lack of smoke detector in working order, ~~or other fire alarm system as required under Rule 1927 of this division.~~

(13) Lack of emergency evacuation plan as required under Rule 1928 of this division.

Authority: Sections 19440 and 19481.5(b),
Business and Professions Code.
