### **ARTICLE 3. RACING ASSOCIATION**

#### **§ 1430. Allocation of Racing Weeks and Dates.**

The Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law. Upon a finding by the Board that the allocation of racing weeks and dates for any racing year is completed, the racing weeks and dates so allocated shall be subject to reconsideration or amendment only for conditions unforeseen at the time of the allocations. The allocation of racing weeks and dates does not commit the Board to the granting of a license to conduct a horseracing meeting to any specific racing association nor for the allotted time period nor at the racing facility scheduled for such racing weeks and dates.

Any prospective applicant for license to conduct a horseracing meeting failing to file timely the notice of intention may be disqualified and its application for license refused summarily by the Board. In the absence of any timely notice of intention filed by a prospective applicant intending to file an application for a license for a race meeting conducted in the preceding year by any other person the presumption shall be that the person having held the license to conduct the horseracing meeting in the preceding year is deemed to have been allocated the racing weeks and dates for a like horseracing meeting as scheduled by the Board for the current annual racing calendar.

In addition to any other reason, the Board may refuse to issue or deny a license to any applicant who fails to provide the Board with evidence that it has a binding commitment for the use of an approved racing facility or who fails to provide the Board with evidence of its ability to meet its estimated financial obligations for the conduct of the horse racing meeting.

(b)

(1) The Board may, upon the filing of a written petition, issue an order suspending a license to conduct a racing meeting or imposing license restrictions. The petition shall include a declaration or declarations that demonstrate, to the satisfaction of the Board, that permitting the licensee to continue to engage in the licensed activity, or permitting the licensee to continue in the licensed activity without restrictions, would endanger the health and safety of the horses or riders that are present at the racing meeting.

(2) For purposes of this section, the health and safety of horses or riders may be endangered when:

(A) An above-average number of injuries to horses and/or riders participating in the race meeting have occurred. The Board shall have discretion to determine the period of time used to measure whether an above-average number of injuries have occurred when compared with historic data.

(B) A condition exists within the inclosure that is likely to endanger the health and safety of the horses or riders that are present at the racing meeting.

(C) For any other reason the Board finds the health and safety of horses or riders is endangered.

(c)

(1) The licensed racing association shall be given at least 24 hours' notice of the hearing on the petition for a suspension or license restriction order. The notice shall include the petition and declarations submitted to the Board in support of the petition.

(2) Notice shall be given in writing, and may be provided by personal service, mail, facsimile transmission or electronic mail.

(3) Notice shall be given to either the licensee, its designee, or any officer or director associated with the licensee.

(d)

(1) At the hearing on the petition for a suspension order or license restriction order, the licensee may:

(A) Be represented by counsel.

(B) Have a record made of the proceedings, copies of which may be obtained by the licensee upon payment of any reasonable charges associated with the record.

(C) Present written evidence in the form of relevant declarations, affidavits, and documents.

(D) Present oral argument.

(e) The Board shall issue a decision on the petition for suspension order or license restriction order within five business days following submission of the matter.

(b) All rail posts, except portable, auxiliary, or chute rail posts, must be set in concrete at least 6 inches below the racetrack surface and shall be at least 24 inches deep. Permanent rails shall be designed not to collapse or break away when a horse that is running parallel to the rail bumps, lugs or falls into the rail or posts during normal training or racing. Notwithstanding the above, no permanent or portable turf post or rail shall be constructed of fiberglass, poly vinyl chloride (P.V.C.), or wood, and hedges shall not be used as a post or rail.

(c) The height of all outside and inside rails shall be between 38 and 42 inches from the top of the racing surface to the top of the rail.

Portable rails and posts shall be designed not to collapse or break away when a horse that is running parallel to the rail bumps, lugs or falls into the rail or posts during normal training or racing conditions. This subsection shall not apply to chute extension rails.

(k) All racetrack lighting systems utilized for night racing shall have an emergency back-up system or a preferred electrical current provided by a public utility and incandescent lighting. Any such lighting systems must provide horses, riders, and drivers sufficient lighting to safely leave the track in case of a main power failure.

**§ 1499. Qualifications for Jockey.**

No person under 16 years of age shall be granted a jockey's license nor a license as apprentice jockey. No person whose riding weight at the time of application exceeds 125 pounds shall be licensed as a jockey or apprentice jockey. No person who has never ridden in a race at a recognized meeting shall be granted a license as jockey or apprentice jockey; provided, however, that upon the recommendation of the stewards the Board may issue a temporary license to or otherwise grant permission to such person for the purpose of riding in not more than four races to establish the qualifications and ability of such person for the license.

### **§ 1500. Apprentice Jockey.**

- (a) An apprentice jockey is a race rider who has ridden less than 40 winners or less than two years since first having been licensed in any racing jurisdiction, and who otherwise meets the license qualifications of a jockey.
- (b) The apprenticeship of an apprentice jockey shall automatically terminate one year from the date of the tenth (10th) winning ride of the apprentice jockey, or on the date of the (40th) winning ride of the apprentice jockey, whichever comes later. No apprenticeship shall extend for more than two years from the date of the tenth (10th) winning mount, except for good cause the Board may extend the termination date of an apprenticeship or amend the conditions under which the apprenticeship is granted.
- (c) Any combination of Thoroughbred, Appaloosa, Arabian or Paint races at authorized race meetings in the United States, Canada or Mexico which are reported in the Daily Racing Form or other recognized racing publications shall be considered in determining eligibility for license as an apprentice jockey; provided, however, that any person who has ridden as a licensed jockey in any racing jurisdiction shall have the burden to establish that the granting of an apprentice jockey license to him or her is in the best interests of the rider and of Thoroughbred, Appaloosa, Arabian or Paint racing in this State. Nothing herein shall prohibit an apprentice jockey contract between the apprentice and a qualified employer.
- (d) An applicant for apprentice jockey may be prohibited from riding until the Board of Stewards or the California Horse Racing Board (CHRB/Board) have sufficient opportunity (not to exceed 14 days) to verify the applicant's previous riding experience.
- (e) The conditions of an apprentice jockey license do not apply to quarter horse racing. A jockey's performances in quarter horse racing do not apply to the conditions of an apprentice jockey license.
- (f) An individual seeking to become an apprentice jockey may obtain an apprentice certificate by submitting a form provided by the Board and obtaining approval from the Board of Stewards. An individual shall not receive more than one apprentice license. In case of emergencies, a copy of the original certificate may be obtained from a CHRB office.
- (g) An applicant with an apprentice certificate approved by the Board of Stewards may be licensed as an apprentice jockey. The apprentice certificate will grant an apprentice jockey all the allowances and conditions as stated in this rule, and Rule 1619, Apprentice Jockey Allowance.
- (h) An apprentice jockey that has ridden less than ten (10) winners may not accept mounts on two-year-olds, first time starters, or in turf races, without the prior approval of the Board of Stewards.
- (i) The apprentice jockey will be responsible to have their apprentice certificate with them at all times. Prior to riding, the apprentice certificate will be submitted to the clerk of scales at each racing association in which the apprentice is licensed and riding.

(j) (1) The Board of Stewards shall extend the time during which a weight allowance may be claimed when an apprentice jockey is unable to continue riding due to:

- (A) Service in the national armed forces;
- (B) Enrollment in an institution of secondary or higher education;
- (C) Restrictions on racing;
- (D) Physical disablement or illness;
- (E) Pregnancy;

(2) The Board of Stewards may extend the time during which a weight allowance may be claimed for other hardship outside of the control of the apprentice jockey.

(k) To qualify for an extension, an apprentice jockey shall have been rendered unable to ride for a period of seven (7) consecutive days or more after the date of their tenth (10th) winning mount during the period in which the apprentice was entitled to an apprentice weight allowance.

(l) An apprentice jockey shall submit an Apprentice Jockey Extension Form CHRB-248 (New 08/22), which is hereby incorporated by reference, to a CHRB licensing office if they meet the requirements of subsection (j).

(1) When submitting Form CHRB-248, the apprentice jockey shall produce documentation verifying time lost due to the reason(s) defined in subsection (j).

(3) All other requests for extensions shall be directed to the jurisdiction that approved the apprentice license or certificate.

### **§ 1500.1. Random Drug Testing.**

(a) To ensure the safety and integrity of horse racing, jockeys, apprentice jockeys and drivers are subject to random drug testing, as well as testing based upon reasonable suspicion, as provided in this Division. Failure to submit to or to complete a drug test at the time, location, and manner directed by the Board or its representatives shall constitute a refusal to be tested. A jockey, apprentice jockey or driver who fails to submit to or to complete a drug test shall immediately be prohibited from riding or driving in any race at a facility under the jurisdiction of the Board until a negative test result is achieved.

- (1) Random drug testing shall be conducted at the direction of the Executive Director on an unannounced basis before or after the jockey's or driver's performance of duties. The names of all jockeys, apprentice jockeys or drivers who appear on the official program the day random drug testing is conducted shall be placed in a secured container which shall be in the custody of the supervising investigator. Prior to the first race of the program, the supervising investigator shall draw nine names. If a name is selected more than once during a race meeting, it shall be eliminated and another selection made.
- (2) Representatives of the Jockey's Guild or the California Harness Horsemen's Association may attend and witness the random selection of names.
- (3) For race meetings with duration of up to five months, random drug testing shall occur at least once during the course of the meeting. For the purposes of this regulation, the Northern California fair circuit shall be considered as one race meeting.
- (4) For race meetings with duration of six or more months, random drug testing shall occur at least twice during the course of the meeting.

(b) Each urine specimen received from a jockey, apprentice jockey or driver shall be divided into two separate parts. One portion shall be designated as the official jockey/driver test sample and shall be tested by a Board approved official laboratory. The remaining portion of the specimen shall be known as the jockey/driver split sample and shall be available for testing at a Board approved independent laboratory upon the request of the individual who provided the specimen. The Board makes no guarantees as to the amount of the specimen that will be available for the jockey/driver split sample. All specimens taken by representatives of the Board are under the jurisdiction of and shall remain the property of the Board at all times.

- (1) For the purposes of this regulation "Board approved official laboratory" and "Board approved independent laboratory" means a California laboratory certified by the United States Department of Health and Human Services under the National Laboratory Certification Program as meeting the minimum standards to engage in urine drug testing for federal agencies. A list of certified laboratories shall be available at the CHRB headquarters office.
- (2) Each urine specimen shall be tested for the following prohibited drugs or classes of drugs:
  - (A) Marijuana metabolites.

(B) Cocaine metabolites.

(C) Amphetamines.

(D) Opiate metabolites.

(E) Phencyclidine (PCP).

(c) The Board approved official laboratory shall immediately and confidentially report to the Executive Director or his designee any positive finding for any of the drugs or classes of drugs described in subsection (b)(2)(A) through (b)(2)(E) of this regulation. The Board approved official laboratory shall also transmit a confidential written report of the finding to the Executive Director within five working days after the notification is made.

(d) When the Executive Director or his designee is notified of a positive finding by the Board approved official laboratory, the Executive Director or his designee shall notify a supervising investigator. The supervising investigator shall confidentially notify the jockey, apprentice jockey or driver who shall:

- (1) Immediately be prohibited from riding or driving in any race at a facility under the jurisdiction of the Board, and
- (2) Shall have 72 hours from the date he or she is notified to request that the jockey/driver split sample of the official jockey/driver test sample that was found to contain a prohibited drug or class of drug, be tested by an Board approved independent laboratory.

(e) If the jockey, apprentice jockey or driver wishes to have the jockey/driver split sample tested, he or she shall comply with the following procedures:

- (1) The request shall be made on the form CHRB-217 (New 3/11) Request to Release Jockey/Driver Split Sample, which is hereby incorporated by reference. Form CHRB-217 shall be made available at all CHRB offices, and at the CHRB website.
- (2) The jockey, apprentice jockey or driver requesting to have the jockey/driver split sample tested shall be responsible for all charges and costs incurred in transporting and testing the jockey/driver split sample. By signing CHRB-217 the jockey, apprentice jockey or driver certifies he or she has made arrangements for payment to the designated independent Board approved laboratory for laboratory testing services.
- (3) Verification of payment for costs incurred in transporting and testing the jockey/driver split sample must be received by the CHRB within five working days from the CHRB receipt of CHRB-217. If such verification of payment is not received, the jockey/driver split sample will not be released or shipped to the designated Board approved independent laboratory and the jockey, apprentice jockey or driver will have relinquished his/her right to have the split sample tested. If a complaint issues, the only test results that will be considered will be the results from the Board approved official laboratory.

(f) Upon receipt of a valid request on CHRB-217, CHRB-217A (New 3/11) Authorization to Release Jockey/driver Split Sample Evidence, which is hereby incorporated by reference, shall be completed and the Board shall ensure that the jockey/driver split sample is sent to the designated Board approved independent laboratory for testing.

(1) If the findings by the Board approved independent laboratory fail to confirm the findings of a prohibited drug or class of drug as reported by the Board approved official laboratory, it shall be presumed that a prohibited drug or class of drug was not present in the official jockey/driver test sample.

(g) A jockey, apprentice jockey or driver who fails to request the testing of the jockey/driver split sample in accordance with the procedures specified in this rule shall be deemed to have waived his or her right to have the split sample tested.

(h) Unless or until the Board files an official complaint or accusation, results of the official jockey/driver test sample and the jockey/driver split sample shall be, and shall remain confidential. No test results may be released to any person or organization unless such release is explicitly required under this regulation. Only the Executive Director or the Executive Director's designee, the Board, and the jockey, apprentice jockey or driver shall receive the results.

(i) The Board may take into consideration the possession of a valid and current Medical Marijuana Program Identification Card issued in accordance with the Medical Marijuana Program of the California Department of Public Health in determining whether or not to file an official complaint or accusation against a jockey, apprentice jockey or driver who tests positive for marijuana metabolites.

(j) For the purposes of this regulation, random drug testing shall be accomplished by the taking of urine specimens; however, the Board retains the right to direct a jockey, apprentice jockey or driver to submit to a drug test by methods including, but not limited to, blood, hair follicle or skin.

(a) No person may be licensed as a trainer, owner, trainer-driver, or in any other capacity in which such person acts as the employer of any other licensee at any authorized race meeting, unless his liability for worker's compensation has been secured in accordance with the Labor Code of the State of California and until evidence of such security for liability is provided the Board. Should any such required security for liability for worker's compensation be cancelled or terminated, any license held by such person shall be automatically suspended and shall be grounds for revocation of the license. The trainer of a public stable shall provide evidence that the policy of insurance securing his liability for worker's compensation has been endorsed or amended to include, as an additional insured, each person for whom he trains horses to the extent that such person is exposed to liability as the employer of a jockey, unless such person has procured coverage for such exposure and has furnished evidence of such coverage to the Board.

If a sale or transfer occurs at an auxiliary stabling facility, a Board-approved training facility, an authorized horse sale or any other location and is sold or purchased by a Board licensee, a completed CHRB Form-101 shall be submitted to the stewards at the nearest racing facility within three (3) calendar days of the sale or transfer.

If the buyer and/or seller do not appear in person before the stewards and/or the stewards cannot independently verify the person's signature, a notarized Bill of Sale, CHRB Form-101, shall be required. CHRB Form-101 shall be available to the public at all Board offices.

For purposes of this Division, a “microchip” is any International Organization for Standardization compliant (ISO 11784/11785) fifteen digit, 134.2-kHz, FDX-B passive transponder microchip. Microchips shall be ICAR (International Committee of Animal Recording) approved (9xx series) with an unshared manufacturer code.

- (1) If a horse without a microchip comes into the inclosure of a licensed racing association, racing fair, or authorized training facility, the trainer or owner of the horse shall:
  - (A) Immediately notify the horse identifier that the horse does not carry a microchip;
  - (B) Complete CHRB Form 236, Microchip Request (New 04/16), which is hereby incorporated by reference, and submit it to the horse identifier.
- (2) If a horse has not received a microchip after 7 days from the time it arrives at the inclosure, it shall be removed from the grounds of the racing association, racing fair, or authorized training facility unless a request for an extension is made in writing to the Board of Stewards by the horse’s owner or trainer and the request is granted.
- (3) A trainer or owner may apply to the Board of Stewards for a waiver from the microchip requirements in this Rule for the purpose of the horse’s participation in a single race. The request for a waiver shall be made on CHRB Form 237, Microchip Waiver Request (Rev 04/19), which is hereby incorporated by reference, and shall be submitted to the stewards when the horse is entered to race. All waivers will expire 7 days after the running of the race for which the waiver is granted. No horse shall be granted more than one waiver per race meeting.
- (4) A horse that has not been implanted with a microchip, or has not been granted a waiver in accordance with subsection (a)(3), shall not be eligible to start in a race.
- (5) Anytime a horse is implanted with an identifying microchip while in the inclosure of a licensed racing association, racing fair, or training facility, the following procedures shall be followed:
  - (A) The horse identifier will assign the microchip number for each horse to be implanted.
  - (B) The microchip shall be implanted by a Board-licensed veterinarian, registered veterinary technician, or other licensee who has been authorized by the official veterinarian and while under the supervision of the horse identifier.
  - (C) The licensed owner of the horse shall be responsible for any veterinary service fees for implantation of the microchip.
  - (D) The horse identifier shall verify the individual microchip identification number assigned to the horse. The horse identifier will record the individual horse microchip identification number

with the racing secretary in a searchable electronic format that is subject to Board approval. Records of the microchip identification numbers shall be maintained by the racing secretary and in accordance with Rule 1597.

- (7) A horse that comes into the inclosure of a licensed racing association, racing fair, or authorized training facility, and carries a microchip but has not had its individual microchip identification number recorded by the racing secretary, shall have its microchip verified and recorded in accordance with subsection (a)(5)(D). No person shall prevent the Board of Stewards, the horse identifier, or the racing secretary from assigning, verifying, or recording a horse's microchip number.

**§ 1598. Selecting Positions of Entered Horses.**

The manner of selecting positions of horses at the post shall be determined by the stewards. The selection shall be by lot and shall be made by one of the stewards or someone designated by them, in public, at the close of the entries. The horses so drawn shall be entitled to a position at the post corresponding to the number drawn, which number shall be exhibited on the saddlecloth and printed in the program with the name of the jockey or driver.

**§ 1599. Excessive Number of Entries.**

If the number of entries to any race is in excess of the number of horses which may, because of track limitations, be permitted to start in any one race, the race may be split and the starters shall be determined by lot in the presence of those having made entries, and the post positions shall be in the order in which they are drawn.

**§ 1600. Horses Listed As Also Eligible.**

If the entries to any purse race exceed the number which may, because of track limitations, be permitted to start in any one race, a list of four or more horses entered shall be drawn from the surplus entries and listed as "also eligible" to be drawn in to the race by lot if any of the first number are declared.

**§ 1601. Preferred List of Horses.**

The racing secretary shall maintain a list of entered horses eliminated from starting by a surplus of entries, and these horses shall constitute a preferred list and have precedence in starting in any race of a similar distance and similar conditions in which they are afterward entered. If a horse is eliminated two or more times consecutively it shall have precedence over all other entries which have been eliminated fewer times. For the purpose of this rule, races of a mile or over shall be considered races of similar distances and races of less than a mile shall be considered similar distances.

**§ 1602. Time for Declarations.**

Any owner, his authorized agent, or trainer of a horse which has been entered for a purse race and has been drawn in to the race and entitled to a post position or is also eligible, who does not wish such horse to start in the race, shall file a request for a declaration not later than the "scratch time" designated for such race by the stewards. Any horse so declared pursuant to such request shall lose all preferences it has accumulated.

### **§ 1603. Insufficient Entries.**

The racing secretary with the agreement of the organization representing the horsemen at the meeting shall establish as a condition of the meeting the minimum number of valid entries required for an overnight race to be considered filled and a race considered filled with a sufficient number of valid entries in accordance with such agreement shall be run. If there are insufficient entries for a race to be considered filled, such race may be declared off with approval of the stewards and a substitute race used.

**§ 1605. Change in Conditions After Entry Prohibited.**

After any entry to a race whose conditions have been published has been accepted by the racing secretary or his delegate, no condition of such race shall be changed, amended or altered, nor shall any new condition for such race be imposed.

**§ 1606. Association to Disclose Ownership.**

(a) If two or more horses that are entered in the same race are owned in whole or in part by the same person or persons, or are trained by the same trainer, the racing association shall take such actions as are necessary to adequately inform the public, including publishing the name of the owners and trainer in the official program as required under Rule 1461 of this division, and announcing the circumstances over the public address system.

**§ 1631. Walkover Races.**

**§ 1632. Jockey's Riding Fee.**

(a) Winning jockey riding fees in the absence of a contract or special agreement are 10% of the Win Purse.

(1) The purpose of subsection (a) is not to set a minimum or maximum fee. It provides a fee if the parties have not made a written agreement to the contrary.

(2) All fees pursuant to subsection (a) are payable in the lower purse range until the next higher purse range is reached, unless there is a written agreement to the contrary.

(b) Jockey riding fees for losing mounts are:

<b>Gross Purse</b>	<b>Losing Mount</b>
\$100,000 and up: .....	\$278.41
50,000–99,999: .....	226.84
25,000–49,999: .....	195.91
15,000–24,999: .....	175.26
10,000–14,999: .....	164.97
Less than \$10,000: .....	154.67

(1) The purpose of subsection (b) is to set a minimum, but not a maximum riding fee. No non-winning jockey shall be paid less than the riding fee set forth in subsection (b).

(2) All fees pursuant to subsection (b) are payable in the lower purse range until the next higher purse range is reached unless there is a written agreement to the contrary. However, no such written agreement shall reduce the minimum required by subsection (b).

(3) To determine the horse owner's place purse or show purse when calculating non-winning jockey riding fees, the Paymaster of Purses shall use the purse agreement provided in the Horsemen's Agreement for the race meeting at which the jockeys earned such fees. The losing mount fee shall be paid as provided under subsection (b) of this rule.

(4) For horse races with gross purses between \$10,000 and \$100,000 and up, a minimum of five percent of the horse owner's place purse or show purse plus \$10.00 shall be used when calculating the second place and third place non-winning jockey riding fees.

(5) If the losing mount fee is equal to or greater than the third place mount fee, the Paymaster of Purses shall adjust the mount fees so that the third place mount shall earn at minimum \$2 more than the losing mount, and the second place mount shall earn at minimum \$2 more than the third place mount.

(c) A jockey's fee is considered earned when the jockey is weighed out by the clerk of scales. The fee shall not be considered earned if the jockey elects to take himself off of his mount. If there is a substitution of jockeys, no additional jockey fee or double jockey fee need be paid except when ordered by the stewards.

(d) In this rule “Win Purse” means the amount paid the winning horse less the fees paid exclusively by the owner to enter the horse in the race;

(1) Entry, nomination or other fees paid shall not be deducted from a jockey riding fee if such fees are paid or reimbursed by any person or entity other than the owner.

(e) If the parties agree on the fee to be paid the jockey, a contract or agreement in writing signed by the jockey or his agent and the owner or his authorized agent specifying the agreed upon fee if a winning mount, second place mount, third place mount and losing mount shall be delivered to the paymaster of purses before the running of the race in question. The paymaster of purses shall debit the owner's purse account under the contract or written agreement. If no contract or written agreement is submitted before the running of the race in question, the paymaster of purses shall debit the owner's purse account under the fee scale set forth in this rule.

(f) A jockey may not share in the fees of another jockey.

  - (A) holding onto the reins, and
  - (B) touching the neck of the horse.

(d) During a race, if a jockey rides in a manner contrary to this rule, the stewards shall impose a minimum fine of \$500. A greater fine or a minimum of three suspension days, or both, can be imposed, if, in the opinion of the stewards, the violation is egregious or intentional. Factors in determining whether a violation is egregious or intentional, include but are not limited to:

- (1) recent history of similar violations;
- (2) number of uses over the total and consecutive limits described in subsections (b)(7) and (8); and

### **CATEGORY “C” PENALTIES**

Penalties for violations due to the presence of a drug substance in an official test sample, which CHRB drug classification is categorized as warranting a Category C penalty and furosemide as defined in Rule 1845 of this division in an official test sample are as set forth below. All concentrations are for measurements in serum or plasma.

<b>LICENSED TRAINER:</b>		
<b>1<sup>st</sup> offense</b>	<b>2<sup>nd</sup> offense (within 365-day period)</b>	<b>3<sup>rd</sup> offense (within 365-day period)</b>
◦ Minimum fine of \$500 to a maximum fine of \$1,000 absent mitigating circumstances.	◦ Minimum fine of \$1,000 to a maximum fine of \$2,500, and up to a 15 - day suspension absent mitigating circumstances.	◦ Minimum fine of \$2,500 and up to a 30 - day suspension absent mitigating circumstances

Penalties for a fourth violation within a 365-day period shall require a minimum 15-day suspension and \$2500 fine. Penalties for any subsequent violation within a 365-day period shall require a greater suspension and fine than the penalty imposed for the previous violation.

(e) Violations due to the presence of a drug substance in an official test sample, which CHRB drug classification is categorized as warranting a Category “D” penalty, may result in a written warning to the licensed trainer and owner.

## CATEGORY “D” PENALTIES

1 <sup>st</sup> offense ( <b>within</b> 365-day period)	2 <sup>nd</sup> offense ( <b>within</b> 365-day period)	3 <sup>rd</sup> offense ( <b>within</b> 365-day period)
Minimum of an official written warning to a maximum fine of \$250.	Minimum of a \$250 fine to a maximum fine of \$500.	Minimum of a \$500 fine to a maximum fine of \$750.

(f) If a licensee has received a penalty for a Class A, B or C medication violation, and within a 365-day period has a subsequent lesser violation (e.g. an A violation followed by a B violation), the earlier violation shall count as a “prior violation” for the purposes of determining the penalty for the subsequent lesser violation.

(g) If a licensee has received a penalty for a Class B, C or D medication violation, and within a 365-day period has a subsequent greater violation (e.g. a D violation followed by a C violation), the earlier violation shall count as an aggravating factor for the purposes of determining the penalty for the subsequent greater violation.

(h) Any drug or its metabolite or analogue thereof found to be present in an official test sample that is not classified in Rule 1843.2 of this division shall be classified as a Class 1 substance and a Category “A” penalty until classified by the Board.

(i) The administration of a drug substance to a race horse must be documented by the treating veterinarian through the process described in Rule 1842 of this division.

(j) Any veterinarian or other licensee found to be responsible for the administration of Extracorporeal Shock Wave Therapy (ESWT) in a manner that violates CHRB Rule 1866.2, or for the administration of any drug substance resulting in a positive test, may be subject to the same penalties set forth for the licensed trainer and their presence may be required at any and all hearings relative to the case.

(1) Any veterinarian found to be involved in the administration of any drug substance resulting in a positive test in Penalty Category “A” shall be referred to the California Veterinary Medical Board (CVMB) for consideration of further disciplinary action.

(2) Any veterinarian found to be involved in the administration of any drug substance resulting in a positive test in Penalty Category “B” or “C” may be referred to the CVMB for consideration of further disciplinary action upon the recommendation of the Equine Medical Director, the board of stewards or hearing officers.

(k) A licensee who is suspended because of a medication violation is not able to benefit financially during the period of suspension. This includes, but is not limited to, ensuring that horses are not transferred to licensed family members or, for any licensee whose suspension is for more than 30 days, to any other licensee who has been an employee of the suspended licensee within the previous year.

(1) A licensee whose license is revoked because of a medication violation is not able to benefit financially following the revocation of his or her license. This includes, but is not limited to, ensuring that horses are not transferred to licensed family members or to any other licensee who has been an employee of the licensee whose license is revoked within the previous year.

(l) “Licensed family members” means any person who holds an occupational license issued by the CHRB and who is related to the suspended licensee, or the licensee whose license is revoked, by blood, or by marriage or domestic partnership, or who is related by blood to the spouse or domestic partner of such licensee.

(1) Licensed trainers suspended 60 days or more shall be banned from all inclosures under the jurisdiction of the CHRB. In addition, during the period of suspension, such trainer shall forfeit all assigned stall space and shall remove from the inclosures all signage, colors, advertisements, training-related equipment, tack, office equipment, and any other property.

(2) A trainer whose license is revoked shall be banned from all inclosures under the jurisdiction of the CHRB. In addition, such trainer shall forfeit all assigned stall space and shall remove from the inclosures all signage, colors, advertisements, training-related equipment, tack, office equipment, and any other property.

**§ 1843.4. Multiple Medication Violations (MMV).**

- (a) A trainer who receives a penalty for a medication violation based upon a horse testing positive for a Class 1-5 medication with Penalty Class A-D, pursuant to Business and Professions Code section 19581 and Rule 1843.3, shall be assigned points as follows:

<b>Penalty Class</b>	<b>Points If Controlled Therapeutic Substance</b>	<b>Points If Non-Controlled Substance</b>
<b>Class A</b>	N/A	6
<b>Class B</b>	2	4
<b>Class C</b>	½ for first violation with an additional ½ point for each additional violation within 365 days	1 for first violation with an additional ½ point for each additional violation within 365 days
<b>Class D</b>	0	0

If the Board determines that the violation is due to environmental contamination, they may assign lesser or no points against the trainer based upon the specific facts of the case.

- (1) Points for phenylbutazone violations with a concurrent flunixin violation apply only when the primary threshold is exceeded. Points are not to be separately assigned for a stacking violation.
- (b) The points assigned to a medication violation by the Board shall be included in the Association of Racing Commissioners International (ARCI) official database and the Board shall assign points consistent with this section for advisory purposes for medication violations where points have not been assigned by regulatory action. Points assigned by such regulatory action shall reflect, in the case of multiple positive tests as described in subsection (d), whether they shall thereafter constitute a single violation. The Board's ruling shall be posted on the official website and within the official database of the ARCI. If an appeal is pending, that fact shall be noted in such Ruling. No points shall be applied until a final adjudication of the enforcement of any such violation.
- (c) A trainer's cumulative points for violations in all racing jurisdictions shall be maintained by the Board and ARCI. Once all appeals are waived or exhausted, the points shall immediately become part of the trainer's official Board and ARCI record and shall be considered by the Board in its determination to subject the trainer to the mandatory enhanced penalties by the Board as provided in this regulation.
- (d) Multiple positive tests for the same medication incurred by a trainer prior to delivery of official notice by the Board may be treated as a single violation. In the case of a positive test indicating multiple substances found in a single post-race sample, the Board may treat each substance found as an individual violation for which points will be assigned.

- (e) The official Board and ARCI record shall be used to advise the Board of a trainer's past record of violations and cumulative points. Nothing in this administrative regulation shall be construed to confer upon a licensed trainer the right to appeal a violation for which all remedies have been exhausted or for which the appeal time has expired as provided by applicable law.
- (f) The Board shall consider all points for violations in all racing jurisdictions as contained in the trainer's official Board and ARCI record when determining whether the mandatory enhancements provided in this regulation shall be imposed.
- (g) In addition to the penalty for the underlying offense, the following enhancements shall be imposed upon a licensed trainer based upon the cumulative points contained in their official Board and ARCI record:

<b>Points</b>	<b>Suspension in days</b>
5-5.5	15 to 30
6-8.5	30 to 60
9-10.5	90 to 180
11 or more	360

MMV penalties are not a substitute for the current penalty system and are intended to be an additional uniform penalty when the licensee:

- (1) Has more than one violation for the relevant time period, and
- (2) Exceeds the permissible number of points.

The Board shall consider aggravating and mitigating circumstances, including the trainer's prior record for medication violations, when determining the appropriate penalty for the underlying offense within the applicable suspension day range. The MMV is intended to be a separate and additional penalty for a pattern of violations.

- (h) The suspension periods as provided in subsection (g), shall run consecutive to any suspension imposed for the underlying offense.
- (i) The Board shall distinguish between the penalty for the underlying offense and any enhancement based upon a Board review of a trainer's cumulative points and regulatory record, which may be considered an aggravating factor in a case.
- (j) Points shall expire as follows:

<b>Penalty Classification</b>	<b>Time to Expire</b>
A	3 years
B	2 years
C	1 year

In the case of a medication violation that results in a suspension, any points assessed expire on the anniversary date of the date the suspension is completed.

(a) The only authorized bleeder medication for the control of exercise-induced pulmonary hemorrhage (EIPH) shall be furosemide, and it shall only be administered by a single intravenous injection, in a dosage of not less than 150 mg and not more than 250 mg, on the grounds of the racetrack where the horse will race, and no later than four hours prior to the post time of the race for which the horse is entered. It shall only be administered to a horse that is registered on the authorized bleeder medication list.

(1) Furosemide is prohibited for two-year-olds entered to race as specified in Board Rule 1843.5(a).

(b) A horse is registered on the authorized bleeder medication list as follows:

(1) The trainer and the owner's veterinarian shall determine whether furosemide is medically necessary to control EIPH and is not otherwise contraindicated for that horse; and

(2) Prior to entry for race, the official veterinarian approves form CHRB-194 (Rev. 01/16), Authorized Bleeder Medication and Medical History Request, which is hereby incorporated by reference, submitted to the official veterinarian by the trainer and owner's veterinarian.

(c) Once registered, any horse that will be administered furosemide shall:

(1) Arrive on the grounds of the racetrack where the horse will race no later than five hours prior to the post time of the race for which the horse is entered; and

(2) Be assigned to a pre-race security stall prior to the scheduled post time for the race in which it is entered, and shall remain there until it is taken to the receiving barn or the paddock to be saddled or harnessed for the race.

(A) The pre-race security stall shall be identified by the posting of a form CHRB-234 (New 09/15), Detention Stall Sign, which is hereby incorporated by reference. The trainer shall post the Detention Stall Sign no later than eight hours prior to the post time of the race for which the horse is entered or, for a horse arriving from off the grounds of the racetrack, when the horse is placed in the pre-race security stall.

(B) While in the pre-race security stall, the horse shall be in the care, custody, control, and constant view of the trainer, or a licensed employee assigned by the trainer. The trainer shall be responsible for the condition, care and handling of the horse while it remains in the pre-race security stall.

(C) The official veterinarian may permit a horse to leave the pre-race security stall to engage in track warm-up heats prior to a race.

(d) Furosemide shall be administered only after:

(1) The trainer, owner, or the owner's veterinarian has consulted with the furosemide veterinarian regarding the condition of the horse and the furosemide veterinarian has examined the horse

sufficient to establish a veterinary-client-patient relationship within the meaning of California Code of Regulations, title 16, section 2032.1; or

- (2) The trainer, owner, or owner's veterinarian has consulted with the official veterinarian or racing veterinarian and the furosemide veterinarian has examined the horse sufficient to establish a veterinary-client-patient relationship within the meaning of California Code of Regulations, title 16, section 2032.1, and that the consulting official veterinarian or racing veterinarian directly supervises the furosemide veterinarian, or California registered veterinary technician, who administers furosemide.

(e) The person who administers furosemide pursuant to subsection (f)(1) of this regulation shall notify the official veterinarian of the treatment of the horse. Such notification shall be made on form CHRB-36 (New 08/04), Bleeder Treatment Report, which is hereby incorporated by reference, not later than two hours prior to post time of the race for which the horse is entered.

- (1) The trainer or a licensed employee of the trainer shall be present and observe the furosemide administration.

(f) The horsemen's organization, trainers' organization, and racing association shall enter into an agreement to provide for race-day furosemide administration. The agreement to provide for race-day furosemide administration shall be submitted to the Board in accordance with Rule 1433 of this Division. The agreement shall describe the racing association's program for the administration of race-day furosemide, the minimum level of staffing necessary to carry out the program, and the projected costs to horsemen for such administration.

- (1) Furosemide shall be administered by a furosemide veterinarian or California-registered veterinary technician under the direct supervision of the furosemide veterinarian. The furosemide veterinarian or California registered veterinary technician who provides race-day furosemide administration shall be employed by the racing association and shall not have a current business relationship, or prior veterinarian-client-patient relationship, with participating licensees within 30 days of the date he or she is employed to administer furosemide.

- (2) All parties present during the administration of furosemide shall certify in writing that they have witnessed the furosemide administration by signing the form CHRB-36 (New 08/04), Bleeder Treatment Report.

- (3) "Furosemide veterinarian" is defined as the veterinarian, licensed by the Board, and hired by the racing association to administer race-day furosemide to horses registered on the authorized bleeder medication list.

- (4) "Owner's veterinarian" is defined as the veterinarian, licensed by the Board, and hired by the owner to provide veterinary care to horses.

(g) A horse registered to be administered furosemide shall receive 250 mg of furosemide intravenously unless an alternative dose of not less than 150 mg and not more than 250 mg has been determined after consultation between the trainer, owner, or owner's veterinarian, and the furosemide veterinarian pursuant

to subsection (d).

(h) In the event of an adverse reaction or other emergency related to the administration of furosemide, the furosemide veterinarian, or California registered veterinary technician, who administered furosemide shall attend the horse until the arrival of the owner's veterinarian.

(i) A horse that has been administered furosemide must show a detectable concentration of the drug in post-race serum, plasma, or urine samples, as follows:

- (1) The official laboratory shall measure the specific gravity of post-race urine samples to ensure samples are sufficiently concentrated for proper chemical analysis. The specific gravity of such samples shall not be below 1.010.
- (2) If the specific gravity of the post-race urine sample is determined to be below 1.010, or if the urine sample is not available for testing, quantitation of furosemide in serum or plasma shall then be performed. Concentrations may not exceed 100 nanograms of furosemide per milliliter of serum or plasma.

(j) A horse registered on the official authorized bleeder medication list must remain on the list unless the trainer or owner's veterinarian requests the horse be removed. The request must be made using form CHRB-194 (Rev. 01/16), and must be submitted to the official veterinarian prior to the time of entry.

(k) If the official veterinarian observes a horse bleeding externally from one or both nostrils during or after a race or workout, and determines such bleeding is a direct result of EIPH, the horse shall be ineligible to race for the following periods:

- First incident - 14 days;
- Second incident within 365-day period - 30 days;
- Third incident within 365-day period - 180 days;
- Fourth incident within 365-day period - barred from racing lifetime.

For the purposes of counting the number of days a horse is ineligible to run, the day after the horse bled externally is the first day of such period.

(l) The owner(s) of a registered horse shall:

- (1) Pay all costs associated with the materials used in the administration of furosemide, including the syringe and medication, and reasonable administrative costs as set under the race-day furosemide agreement entered into by the horsemen's organization, trainers' organization, and the racing association.
- (2) Consent to the procedures in this section and agree that the pre-race examination conducted under the direction of the official veterinarian or racing veterinarian shall constitute a veterinary-client-patient relationship within the meaning of California Code of Regulations, title 16, section 2032.1.

(m) A horse registered on the authorized bleeder medication list shall not be administered furosemide when entered into a race where furosemide is prohibited under race conditions approved by the Board.

(b) The Board may at any time on any date take official blood, urine or other biological samples, in accordance with Rules 1859 and 1859.1, from a horse to enhance the ability of the Board to enforce its medication and anti-doping rules.

(c) Every horse within the inclosure, every horse registered to race at an inclosure, every horse under the care or control of a licensed trainer, or owned by a licensed owner, or nominated, pre-entered or entered in any race that will be held within a licensed inclosure is subject to pre-race, post-race, and out-of-competition testing by the Board. No owner, trainer or other person having the care of a horse shall refuse to submit it for testing when directed by the Equine Medical Director, the Executive Director, the stewards or the official veterinarian.

(1) For the purposes of this regulation, a horse is “registered to race at an inclosure” when the horse's registration papers are on file with a racing association under the jurisdiction of the Board, and/or the horse has raced at a licensed inclosure within the previous twelve (12) months.

(2) A horse is “out of competition” when it is not entered in a race as defined in this Article. This regulation does not permit out of competition testing outside of a licensed inclosure on weanlings, yearlings, or any horse proven to be no longer engaged in horse racing unless such horse is entered in a horse sale authorized by the Board pursuant to Rule 1807. For purposes of this regulation, the following criteria may be used to prove that a horse is no longer engaged in horse racing:

(A) it is registered as retired with one of the breed registry organizations identified in Rule 1402;

(B) it is not a breed of horse that races in California;

(C) it becomes breeding stock;

(D) it has suffered an injury, or been subject to a procedure, that renders the horse permanently unfit to participate in a race as determined by the Official Veterinarian or Equine Medical Director; or

(E) any other evidence is provided that proves the horse will no longer engage in racing in California as decided by the Equine Medical Director, the Executive Director, the stewards, or the official veterinarian.

(3) Persons who apply for and are granted a trainer or owner license shall be deemed to have given their consent, as a condition of licensure, for the Board and its representatives to access any location, whether inside or outside of a licensed inclosure, where a horse eligible for testing may be found for the purpose of collecting official out-of-competition test samples. Such consent, however, does not permit the Board or its representatives to search the premises when collecting

a test sample from a horse not within a licensed inclosure. Licensees shall take any steps necessary to authorize access by Board representatives to any location where a horse eligible for testing is present, and no person shall knowingly interfere with or obstruct the collection of an official test sample.

### **§ 1859. Taking, Testing and Reporting of Samples.**

(a) Urine, blood or other biological official test samples shall be taken under the direction of the official veterinarian, the Equine Medical Director or a person designated by the official veterinarian. All samples shall be taken in a detention area approved by the Board, unless it is an official out-of-competition test sample taken in accordance with Rule 1859.1, or the official veterinarian or the Equine Medical Director approves otherwise. The taking of any test sample shall be witnessed, confirmed or acknowledged by the owner or trainer of the horse being tested or his or her agent or employee, and may be witnessed by the owner, trainer or other person designated by them. All official test samples shall be sent to the official laboratory approved and designated by the Board, in such manner as the Board may direct. All required samples shall be in the custody of the official veterinarian, his or her assistants or other persons approved by the official veterinarian, from the time they are taken until they are delivered to the custody of the official laboratory.

(b) The Executive Director and the Equine Medical Director shall immediately be notified by the official laboratory of each finding that an official test sample contains a prohibited drug substance, as defined in this article. The official laboratory shall further provide all information and data on which the finding is based to the Equine Medical Director, and shall transmit its official report of the finding to the Executive Director within five working days after the initial notification is made.

(c) The Board has the authority to direct the official laboratory to retain and preserve by freezing samples for future analysis.

(d) The fact that purse money has been distributed prior to the issuance of a laboratory report shall not be deemed a finding that no drug substance prohibited by this article has been administered, in violation of these rules, to the horse earning such purse money.

### **§ 1859.1. Out-of-Competition Testing Procedures and Requirements.**

(a) Official out-of-competition test samples shall be collected under the supervision and direction of the official veterinarian, the Equine Medical Director, or a person designated by the official veterinarian or Equine Medical Director. All blood samples shall be collected by a veterinarian licensed by the Board, or by a veterinary technician licensed by the Board who is acting under the supervision of the official veterinarian or Equine Medical Director.

(b) Upon request of the Equine Medical Director, the Executive Director, the stewards or the official veterinarian, the trainer, owner, or their specified designee shall disclose the location of their horses eligible for out-of-competition testing as described in Rule 1858.

(c) The Board need not provide advance notice to the trainer or owner before arriving at any location, whether or not the location is within a licensed inclosure, to collect official out-of-competition test samples. However, if the trainer, owner, or their specified designee requests that the sample be collected in an alternative location, the Board may, in its sole discretion, collect the sample at an alternative time and location designated by the Board.

(d) The trainer, owner, or their specified designee shall cooperate with the person who collects official out-of-competition test samples on behalf of the Board, which shall include without limitation:

- (1) Assisting in the immediate location and identification of the horse;
- (2) Making the horse available as soon as practical upon arrival of the person who is responsible for collecting the samples;
- (3) Providing a stall or other safe location to collect the samples;
- (4) Assisting the person who is collecting samples in controlling the horse; and
- (5) Witnessing the taking of samples, including sealing of sample collection containers.

(e) The management and employees of a licensed racetrack or training facility where a horse is located shall cooperate fully with any person collecting official out-of-competition test samples on behalf of the Board. The person who collects samples for the Board may require that the collection be done at a specified location on such premises.

(f) The Board may arrange to have test samples collected from a horse that is physically located outside of California, but otherwise subject to out-of-competition testing pursuant to Rule 1858. Such test samples may be collected by the racing commission or racing authority that regulates the jurisdiction in which the horse is physically located, or by any other person that the Board designates. Such racing commission or other designated person shall follow the collection procedures described in this regulation in order for the sample to be designated an official out-of-competition test sample, except they are not required to comply with the CHRB license and identification requirements described in subsections (a) and (g).

- (1) The test results of an official out-of-competition test sample collected outside of California may

be made available, at the discretion of the Board, to each racing commission that participates in the process of collecting the sample.

- (2) The Board, if requested and in its sole discretion, may permit the trainer, owner or their designee to transport their horse into California for out-of-competition testing at a time and place designated by the Board instead of having the horse tested outside of California.

(g) The person who collects official out-of-competition test samples for the Board shall, at the time of sample collection, provide their CHRB identification and disclose to the owner and/or trainer of the horse that the purpose of the sampling is for out-of-competition testing.

(h) If the trainer or any other person having care and custody of a horse selected for out-of-competition testing refuses or declines to make the horse available for test sample collection, the Board shall attempt to notify the owner and give them the opportunity to make the horse available for immediate testing.

(i) All available records demonstrating the chain of custody for an official out-of-competition test sample shall be made available to the trainer, owner, or their designee, at their request, when a complaint results from an out-of-competition test.

(j) Any licensee who willfully fails to make a horse available for out-of-competition testing, or commits other willfully deceptive acts in connection with out-of-competition testing, or causes interference or obstruction to the sampling process, shall receive a minimum penalty of a one-year license suspension.

(k) A horse that is not made available for out-of-competition testing when requested by the Board in accordance with this regulation shall be placed on the Steward's List for a minimum of 180 days. If the trainer, owner, or their designee refuses to submit their horse for out-of-competition testing based on their assertion that the horse is no longer engaged in horse racing activities, the horse shall be placed on the Steward's List for a minimum of 180 days.

#### **§ 1859.25. Split Sample Testing.**

(a) In addition to the blood, urine, and other biological official test samples transmitted to the official laboratory for testing as provided in Rules 1859 and 1859.1 of this Article, the Board shall maintain a portion of the official test sample for each horse tested if sufficient sample is available after the official test samples are taken. That portion shall be designated the split sample. The Board makes no guarantee as to the amount of sample which will be available for the split sample. All samples taken by representatives of the Board are under the jurisdiction of and shall remain the property of the Board at all times. The Board shall ensure the security and storage of the split sample.

(b) When the Executive Director or the Executive Director's designee is notified of a finding by the official laboratory that a test sample from a horse contained a prohibited drug substance as defined in this Article, the Executive Director, after consulting with the Equine Medical Director or the Equine Medical Director's designee as to the presence of the prohibited drug substance shall notify a Supervising Investigator. The owner and the trainer shall be confidentially notified of the finding by a Supervising Investigator or his/her designee and the owner and trainer shall each have 72 hours from the date he or she is notified to request that the split sample of the official test sample that was found to contain the prohibited drug substance(s) be tested by an independent Board-approved laboratory.

(c) If the owner or trainer wishes to have the split sample tested, he or she shall comply with the following procedures:

- (1) The request shall be made on CHRB-56, (Rev. 5/97), Request to Release Evidence, which is hereby incorporated by reference. CHRB-56 shall be made available at all CHRB offices.
- (2) The owner or trainer requesting to have the split sample tested shall be responsible for all charges and costs incurred in transporting and testing the split sample. By signing CHRB-56, the owner or trainer certifies he or she has made arrangements for payment to the designated Board-approved laboratory for laboratory testing services.
- (3) Verification of payment for costs incurred in transporting and testing the split sample must be received by the CHRB within five (5) working days from the CHRB receipt of CHRB-56. If such verification of payment is not received, the split sample will not be released or shipped to the Board-approved laboratory designated by the owner or trainer to test the split sample and the owner and trainer will have relinquished his/her right to have the split sample tested. If a complaint issues, the only test results that will be considered will be the results from the Board's official laboratory.

(d) Upon approval by the Executive Director or the Executive Director's designated representative of a valid request on CHRB-56, CHRB-29 (Rev. 5/97), Authorization to Release Split Sample Urine Evidence, or CHRB-29A (Rev. 5/97), Authorization to Release Split Sample Blood Evidence, which are hereby incorporated by reference, shall be completed and the Board shall ensure that the split sample is sent to the designated laboratory for testing.

- (1) If the findings by the independent Board-approved laboratory fail to confirm the findings of the prohibited drug substance as reported by the official laboratory, it shall be presumed that the prohibited drug substance was not present in the official sample.

(2) If the findings by the independent Board-approved laboratory confirm the findings of the prohibited drug substance as reported by the official laboratory, the Executive Director shall report these findings to the Board within 24 hours after receiving confirmation of the prohibited drug substance in the split sample.

(e) If the owner or trainer fails to request the testing of the split sample in accordance with the procedures specified in this rule, they shall be deemed to have waived their rights to have the split sample tested.

(f) Results of the official test sample and the split sample shall be, and shall remain, confidential and shall be provided only to the Executive Director or the Executive Director's designee, the Board, the Equine Medical Director or the Equine Medical Director's designee, and to the owner and trainer, unless or until the Board files an official complaint or accusation.

#### **§ 1859.5. Disqualification upon Positive Test Finding.**

A finding by the stewards that an official test sample from a horse participating in any race contained a prohibited drug substance as defined in this article, which is determined to be in class levels 1-3 under Rule 1843.2 of this division, unless a split sample tested by the owner or trainer under Rule 1859.25 of this division fails to confirm the presence of the prohibited drug substance determined to be in class levels 1-3 shall require disqualification of the horse from the race in which it participated and forfeiture of any purse, award, prize or record for the race, and the horse shall be deemed unplaced in that race. Disqualification shall occur regardless of culpability for the condition of the horse.

**§ 1861. Vendors.**

No vendor permitted on the grounds of an association shall sell or deliver any horse feed, feed supplement, tonic, veterinary preparation, medication, veterinary equipment or supplies, or any substance containing any prohibited drug, unless he shall have filed with the official veterinarian a list of such items he intends to sell or deliver and has received the approval of the official veterinarian. All dealers in hay or feed who are permitted access to the stable area are required to provide at the time of delivery of any hay or feed to a consignee in the stable area a bill specifying the weight and cost of such feed or hay. Any hay dealer who delivers hay or feed which does not weigh at least the amount specified on the bills provided therefore shall be denied access to all stable areas of associations in this State.

**§ 1863. Pre-Race Testing.**

The Board may require any horse entered to race to submit to any blood or other pre-race test, and no horse is eligible to start in a race until the owner or trainer complies with any required testing procedure.

**§ 1864. Labelling of Medications.**

Any substance containing a prohibited drug shall be labelled, "Caution. Contains Prohibited Drug. Not to be used on race day."

### **§ 1865. Altering of Sex of Horse.**

(a) Any alteration to the sex of a horse from the sex as recorded on the certificate of foal registration or the eligibility certificate or other official registration certificate of the horse shall be reported to the racing secretary and the official horse identifier if the horse is entered to race at any race meeting.

(b) If a racehorse is gelded or castrated on the premises of a licensed racing association, or other facility under the jurisdiction of the Board, the trainer shall report the alteration within 72 hours.

(c) If a racehorse is gelded or castrated off the premises of a licensed racing association, or other facility under the jurisdiction of the Board, and the horse has been previously entered to race at any race meeting in this State, the owner and/or trainer shall report the alteration at the time the horse is next entered to race.

(d) A report of gelding or castration will include the name of the veterinarian performing the alteration and the date of the alteration, and shall be recorded on the official registration certificate and the official horse identification record of the horse.

- (j) If a dead heat occurs in either race the net pool is figured as a place pool. - (c) Entries or field horses in a race comprising the Quinella shall race as single wagering interests for the purposes of mutuel pool calculations and payouts to the public. If, in the event that any part of the entry or the field is a starter, there shall be no refund to persons wagering on such entry or field. In the event any part of an entry or the field finishes first, the order of finish of all other horses making up such entry or field will be disregarded in determining which horse finished second for the purpose of this rule.
- (d) Should any horse or horses entered in a Quinella race be scratched or excused by the Stewards after wagering has commenced or should any horse or horses be prevented from racing because of the failure to stall doors of the starting gate to open, all tickets including such horse or horses shall be deducted from the Quinella Pool and money refunded to the purchasers of tickets on the horse or horses so excused or prevented from racing.
- (e) Should there be no tickets sold on the winning combination in a Quinella race, any and all Quinella tickets bearing the number of the individual win horse and any and all Quinella tickets bearing the number of the individual place horse shall be deemed winning tickets and the payout shall be calculated as a place pool.

- (h) Should there be no tickets on the winning combination in a Quinella race, and should there be no Quinella tickets sold bearing the number of the individual win horse, and should there be no Quinella tickets sold bearing the number of the individual place horse, the Quinella shall be deemed "No Contest" and all money in the Quinella shall be promptly refunded.
- (i) Should, after an official start is effected, only one horse finish the Quinella race, the total money is figured as a win pool, with those who have picked that one horse in the race participating in the pool.
- (j) Should a two horse dead-heat for win result in a Quinella race, the two horses involved in the dead-heat shall be winners of the Quinella race.

(k) Should a multiple dead-heat for win result in a Quinella race, all horses involved in the dead-heat shall be winners of the Quinella race and payouts figured accordingly.

Example: Should numbers 1, 3 and 5 dead-heat for win, the winning Quinella combinations would be 1-3, 1-5, 3-1, 3-5, 5-1 and 5-3. The net pool after deducting the amounts wagered on the winning combinations will be equally distributed in payout calculations on the winning combinations.

(l) Should a two-horse dead-heat for place result in a Quinella race, the total pool is calculated as a place pool.

(h) In the event of a dead-heat among three or more horses for first place, the net pool shall be calculated and distributed to holders of tickets designating any two of the horses participating in the dead-heat according to their respective interest in the net pool.

(i) In the event that no ticket is sold that would require distribution to any winner as above defined the Special Quinella shall be deemed "No Contest" and all money in the Special Quinella shall be promptly refunded.

(b) An Unlimited Sweepstakes pari-mutuel ticket shall be evidence of a binding contract between the holder of the ticket and the association and the said ticket shall constitute an acceptance of the Unlimited Sweepstakes provisions and rules contained in article 18.

(d) The Unlimited Sweepstakes pari-mutuel pool consists of amounts contributed for a selection for win only in each of nine races designated by the association with the approval of the Board. Each person purchasing an Unlimited Sweepstakes ticket shall designate the winning horse in each of the nine races comprising the Unlimited Sweepstakes.

(e) The Unlimited Sweepstakes pari-mutuel pool shall be calculated as follows:

- (2) In the event there is no pari-mutuel ticket properly issued which correctly designates the official winner in each of the nine races comprising the Unlimited Sweepstakes, twenty-five percent (25%) of the net amount in the pari-mutuel pool shall be distributed among the holders of pari-mutuel tickets which correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes, and the remaining seventy-five percent (75%) of the net amount in the pari-mutuel pool shall not be distributed as provided above but shall be retained by the association as distributable amounts and shall be carried over and included in the Unlimited Sweepstakes pari-mutuel pool for the next succeeding racing date as an additional net amount to be distributed as provided in subsection (e)(1).

- (2) Once the pool and all monies accumulated therein equals or exceeds five million dollars, or such lesser amount designated by the racing association pursuant to subsection (f)(1), that amount shall be distributed on the next racing day as provided in subsection (e)(1); but if no holder of pari-mutuel tickets correctly designates the official winner in each of the nine races comprising the

The remaining twenty-five percent (25%) of the pool shall be distributed to those holders of pari-mutuel tickets which correctly designate the next greatest number of official winners.

(g) In the event an Unlimited Sweepstakes ticket includes a selection in any one or more of the races comprising the Unlimited Sweepstakes that is scratched, excused or determined by the stewards to be a nonstarter in the race, or if in a race comprising the Unlimited Sweepstakes any selection is designated to run for purse only in accordance with Rule 1974 of this article, the actual favorite, as evidenced by the amounts wagered in the win pool at the time of the start of the race, will be substituted for the nonstarting or the designated selection for all purposes, including pool calculations and payouts.

(h) In the event of a dead heat for win between two or more horses in any Unlimited Sweepstakes race, all such horses in the dead heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(i)

(1) In the event that all nine races comprising the Unlimited Sweepstakes are cancelled or declared as no contest, all pari-mutuel tickets held on the Unlimited Sweepstakes for that day or night shall be refunded and the Unlimited Sweepstakes shall be cancelled in its entirety for that day or night and any retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (e)(2) shall be carried over to the next succeeding racing date of that meeting.

(2) In the event that fewer than nine, but no more than three, races comprising the Unlimited Sweepstakes are completed due to the cancellation of one or more races or the stewards declaring one or more races as no contest, the pool for that racing day shall be refunded and the Unlimited Sweepstakes shall be cancelled in its entirety as provided in subsection (i)(1).

(3) In the event that fewer than nine, but no fewer than four, races comprising the Unlimited Sweepstakes are completed due to the cancellation of one or more races or the stewards declaring one or more races as no contest, one hundred percent (100%) of the net amount in the pari-mutuel pool for that day or night, exclusive of any retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (e)(2), shall be subject to distribution among holders of pari-mutuel tickets which correctly designate the most winners in the completed races of the Unlimited Sweepstakes. The retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (e)(2) shall be carried over to the next succeeding racing date of that meeting.

(j)

(1) Should no distribution be made pursuant to subsection (e)(1) on the last day of the association's race meeting, then the distributable pool and all monies accumulated therein shall be distributed on that day. Seventy-five percent (75%) of the pool shall be distributed among holders of pari-mutuel tickets which correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes. The remaining twenty-five percent (25%)

of the pool shall be distributed to those holders of pari-mutuel tickets which correctly designate the next greatest number of official winners.

- (2) In the event that an association is unable to distribute the retained distributable amount carried over from any prior Unlimited Sweepstakes pool established pursuant to subsection (e)(2) by the end of its race meeting due to cancellation of the final day(s) or night(s) of racing or any other reason, the retained distributable amount shall be carried forward to the next race meeting having an Unlimited Sweepstakes at the same location and of the same breed of horse as the racing association that generated the retained distributable amount. The retained distributable amount shall be included in the Unlimited Sweepstakes pool for the first day or night of racing at the subsequent race meeting.

(k) No pari-mutuel ticket for the Unlimited Sweepstakes pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the nine races comprising the Unlimited Sweepstakes, except for such refunds on Unlimited Sweepstakes tickets as required by this regulation, and no person shall disclose the number of tickets sold in the Unlimited Sweepstakes pool or the number or amount of tickets selecting winners of Unlimited Sweepstakes races until such time as the stewards have determined the last race comprising the Unlimited Sweepstakes each day to be official.

(l) The racing association may, at its election, designate to the Board, at the time it files its license application with the Board, one or more racing days (nights) during its racing meeting on which the retained distributable amount carried over from any prior Unlimited Sweepstakes pool established pursuant to subsection (e)(2), shall be distributed as provided in subsection (f)(2), even though the retained amount is less than the amount specified in or designated by the racing association pursuant to subsection (f)(1).

**§ 1976.8. Place Pick (n).**

(a) The Place Pick (n) is a separate pari-mutuel pool established by the association on a designated number of races. The pool consists of amounts wagered on a horse to finish first or second in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, except for the provisions in subsection (e), or to rules governing the distribution of other pools.

(b) A valid Place Pick (n) ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Place Pick (n) provisions and rules contained in this Article.

(c) A Place Pick (n) may be given a distinctive name by the association conducting the meeting, subject to Board approval.

(d) If a ticket in any Place Pick (n) race designates a selection that is scratched, excused or determined by the stewards to be a nonstarter in the race, or designates a selection that runs for purse only in accordance with Rule 1974 of this article, the association may substitute the actual favorite, which is determined by the amounts wagered in the win pool at the time of the start of the race, or may allow patrons the option of selecting an alternate wagering interest. The actual favorite or the alternate wagering interest will be substituted for the non-starting selection or the selection designated to run for purse only for all purposes.

(e) In a dead heat for win between two or more horses, only the horses in such dead heat shall be considered winning horses.

(2) Except as provided in subsection (e), a dead heat for second between two or more horses, all such horses together with the horse which finished first shall be considered winning horses.

(f) The association shall distribute the net pool to holders of valid tickets that correctly selected the most first or second place finishers.

(g) All tickets shall be refunded if all races comprising the Place Pick (n) are cancelled or declared as no contest. The entire pool shall be refunded if less than four races are completed and if four or more races are completed the net pool shall be distributed pursuant to subsection (f).

(h) After wagering closes on the first race comprising the Place Pick (n) no ticket shall be sold, exchanged or cancelled. No person shall disclose the number of tickets sold in the Place Pick (n) or the number or amount of tickets that selected winners of Place Pick (n) races until the stewards declare the last race official.

(i) If the racing surface changes from turf to dirt or dirt to turf in any race of a Place Pick (n), and such change is not announced to the public before the close of wagering on the Place Pick (n) pool, all wagers on such race shall be considered winning wagers for the purposes of the Place Pick (n).

5. Amendment filed 7-12-11; effective 8-11-11.

**§ 1976.9. Pick (n) Pool.**

(a) The Pick (n) requires selection of the first-place finisher in each of a number of races designated by the association. The association shall designate the percentage of the net pool considered the major share, and the percentage of the net pool considered the minor share, if any. The number of races comprising a Pick (n) must be at least four but no more than ten. Subsequent changes to the Pick (n) shall be requested in writing by the association. The Board or its designated representative shall respond in writing to such requests within five working days of their receipt at Board headquarters.

(b) The major share of the net Pick (n) pool, along with the Pick (n) carryover, shall be distributed to ticket holders that selected the first-place finisher in each of the Pick (n) races, based upon the official order of finish, and the minor share of the net Pick (n) pool shall be distributed as a win pool to ticket holders whose selection finished first in the second greatest number of Pick (n) races; if there are no wagers selecting the first place finisher in each of the Pick (n) races, then:

- (1) The minor share of the net pool shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races, and
- (2) The major share of the net Pick (n) pool shall be retained by the association and added to the corresponding Pick (n) pool of the next performance. The additional Pick (n) pool resulting from such a carryover shall be termed the "Pick (n) carryover."

(c) In a dead heat for first in any of the Pick (n) races, all horses in the dead heat for win shall be considered winning horses to calculate the pool.

(d) If a wagering interest in any of the Pick (n) races is scratched, or is designated to run for purse only in accordance with Rule 1974 of this article, the association may substitute the favorite for the scratched or designated wagering interest, determined by total amounts wagered in the win pool at the close of wagering on that race, or allow patrons the option of selecting an alternate wagering interest. The favorite or alternate wagering interest shall be substituted for the scratched wagering interest, or horse designated to run for purse only, for all purposes. If the association elects to substitute the favorite and the win pool total is identical for two or more horses, the horse with the lowest program number is used. The totalizator shall produce written reports showing each of the wagering combinations with substituted wagering interests that became winners as a result of the substitution, in addition to the normal winning combination, at the end of each race where substitutions occur.

(e) The Pick (n) pool shall be canceled and all Pick (n) wagers for the individual performance shall be refunded if:

- (1) Three or more races included as part of a Pick 4, Pick 5 or Pick 6 are canceled or declared no contest; or
- (2) Four or more races included as part of a Pick 7, Pick 8 or Pick 9 are canceled or declared no contest; or
- (3) Five or more races included as part of a Pick 10 are canceled or declared no contest.

(f) If at least one race included as part of a Pick (n) is canceled or declared no contest, but fewer than the number specified in subsection (e), the net pool shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.

(g) The Pick (n) carryover may be capped at an amount designated by the association, with Board approval. If, at the close of any performance, the carryover equals or exceeds the designated cap, it will be frozen until it is won or distributed under other provisions of this rule. After the carryover is frozen, 100% of the net pool shall be distributed to ticket holders whose selection finished first in the greatest number of Pick (n) races for that performance.

(h) Permission to distribute the Pick (n) carryover on a specific date and performance shall be obtained from the Board. The mandatory payout request must contain the intended date and performance for the distribution.

(i) If the Pick (n) carryover is designated for distribution on a specified date and performance in which no wager selects the first-place finisher in each of the Pick (n) races, the entire pool including the carryover shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

- (1) With written approval from the Board as provided in subsection (h); or
- (2) With written approval from the Board when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued; or
- (3) On the closing performance of the meet or split meet.

(j) If the Pick (n) carryover must be carried over to the corresponding Pick (n) pool of a subsequent meet, it shall be deposited in an interest-bearing account approved by the Board. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance designated by the association, with Board approval.

(k) With Board approval, the association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.

(l) No ticket for the Pick (n) pool shall be sold, exchanged or canceled after the close of wagering in the first race comprising the Pick (n), except for refunds required by this rule.

(m) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is prohibited. The totalizator will be programmed to suppress all information related to Pick (n) wagering activity until the conclusion of the final race except for the following:

(1) Total amount of the net pool at the close of Pick (n) wagering.

(2) Information regarding possible Pick (n) payouts for each of the runners when the last race of the Pick (n) pool is the only race remaining to be run.

(n) If the racing surface changes from turf to dirt or dirt to turf in any race of a Pick (n) pool, and such change was not announced to the public before the close of wagering on the Pick (n) pool, all wagers on such race shall be considered winning wagers for the purposes of the Pick (n) pool.

**§ 1977. Pick Three.**

- (a) The Pick Three is a separate pari-mutuel pool established on three consecutive races. The pool consists of amounts wagered on the winning horse in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, or to rules governing the distribution of other pools.
- (b) A valid Pick Three ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Pick Three provisions and rules contained in this article.
- (c) The association shall distribute the net pool to holders of valid tickets that correctly selected the winners in all three races.
- (d) In a dead heat for win between two or more horses in any of the Pick Three races, all such horses shall be considered winning horses in that race for calculating the pool. The payout shall reflect the proportionate amount of money wagered on each winning combination.
- (e) If no ticket selected the winner in all three races, the net pool shall be paid for tickets that selected the winner in any two races; and if no ticket selected two winners the net pool shall be paid for tickets that selected the winner of any one race. The association shall refund the entire pool if no ticket selected the winner of any one race.
- (f) If one of the races is cancelled, the net pool shall be distributed as provided in subsection (e). If more than one race is cancelled the association shall refund the entire pool.
- (g) If a wagering interest is scratched (which hereinafter includes being declared a non-starter) from any leg of the Pick Three prior to the running of the first leg, or if a wagering interest is designated to run for purse only in accordance with rule 1974 of this article, all wagers containing such scratched or designated wagering interests shall be refunded.
- (h) If a wagering interest is scratched or designated to run for purse only from the second leg after the start of the first leg, a consolation payout shall be computed for those wagers combining the winners of the first and third legs with such scratched or designated horse(s) as follows: The amount represented by wagers on combinations involving horse(s) scratched or designated to run for purse only from the second leg shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winners of the first and third legs with horse(s) designated to run for purse only or scratched from the second leg.
- (i) If a wagering interest is designated to run for purse only or scratched from the third leg after the start of the second leg, a consolation payout shall be computed for those wagers combining the winners of the first and second legs with such designated or scratched horse(s) as follows: The amount represented by wagers on combinations involving horse(s) designated to run for purse only or scratched from the third leg shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winners of the first and second legs with horse(s) designated to run for purse only or scratched from the third leg.

(j) If wagering interests are designated to run for purse only or scratched from both the second and third legs after the start of the first leg, a consolation payout shall be computed for those wagers combining the winner of the first leg with horse(s) designated to run for purse only or scratched from both the second and third legs as follows: The amount wagered on the winner of the first leg combined with all other horse(s) designated or scratched from the second and third legs shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winner of the first leg with horse(s) designated to run for purse only or scratched from both the second and third legs.

(k) After wagering closes on the first race of the Pick Three no ticket shall be sold, exchanged or cancelled. No person shall disclose the number of tickets sold in the Pick Three races or the number or amount of tickets that selected winners of Pick Three races until the stewards declare the last race official. After the second of the three races, the association may display potential distributions dependent upon the outcome of the third race.

**§ 1978. Select Four.**

- (a) The Select Four pari-mutuel pool is not a parlay and has no connection with or relation to any other pari-mutuel pool conducted by the association, nor to any win, place and show pool shown on the totalizator board, nor to the rules governing the distribution of such other pools.
- (b) A valid Select Four ticket shall be evidence of a binding contract between the holder of the ticket and the racing association, and the said ticket shall constitute an acceptance of Select Four provisions and rules contained in article 18.
- (c) A Select Four may be given a distinctive name to be selected by the association conducting such races, such as "PICK 4", subject to the approval of the Board.
- (d) The Select Four pari-mutuel pool consists of amounts contributed for a selection for win only in each of four races designated by the association with the approval of the Board. Each person purchasing a Select Four ticket shall designate the winning horse in each of the four races comprising the Select Four.
- (e) The net amount in the pari-mutuel pool subject to distribution among winning ticket holders shall be distributed among the holders of tickets which correctly designate the winners in all four races comprising the Select Four.
- (f) If no ticket is sold combining the four winners of the Select Four, the net amount in the pari-mutuel pool shall be distributed among the holders of tickets which include the winners of any three of the four races comprising the Select Four.
- (g) If no ticket is sold combining at least three winners of the Select Four, the net amount in the pari-mutuel pool shall be distributed among holders of tickets which include the winner of any two races comprising the Select Four.
- (h) If no ticket is sold combining at least two winners of the Select Four, the net amount in the pari-mutuel pool shall be distributed among holders of tickets which include the winner of any one race comprising the Select Four.
- (i) If no ticket is sold that would require distribution of the Select Four pool to a winner under this rule, the association shall make a complete and full refund of the Select Four pool.
- (j) If for any reason one of the races comprising the Select Four is cancelled, the net amount of the pari-mutuel pool shall be distributed as provided above in subsections (f), (g), (h) and (i).
- (k) If for any reason two or more of the races comprising the Select Four are cancelled, a full and complete refund will be made of the Select Four pool.
- (l) In the event a Select Four ticket includes a selection in any one or more of the races comprising the Select Four that is scratched, excused or determined by the stewards to be a non-starter in the race, or if the Select Four ticket includes a selection that is designated to run for purse only in accordance with Rule 1974 of this article, the actual favorite, as evidenced by the amounts wagered in the win pool at the time

of the start of the race, will be substituted for the non-starting or designated selection for all purposes, including pool calculations and payouts.

(m) In the event of a dead heat for win between two or more horses in any Select Four race, all such horses in the dead heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(n) No pari-mutuel ticket for the Select Four pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the four races comprising the Select Four, except for such refunds on Select Four tickets as required by this regulation, and no person shall disclose the number of tickets sold in the Select Four pool or the number or amount of tickets selecting winners of Select Four races until such time as the stewards have determined the last race comprising the Select Four to be official. Notwithstanding the above, at the conclusion of the third of the four races comprising the Select Four, an association may with the approval of the Board display potential distribution to ticket holders depending upon the outcome of the fourth race of the Select Four.

#### HISTORY:

**§ 2024. Standardbred Stallion Registry.**

A standardbred Stallion Registry shall be maintained by the Board or its designee and no standardbred stallion nor the offspring of such stallion shall be eligible for participation in the California Standardbred Sires Stakes Program unless registered with the said official Stallion Registry.

**§ 2025. Nomination of Stallions.**

Standardbred stallions shall be nominated annually to the official registry by application in such form prescribed by the Board accompanied by a nomination fee determined by the Board and by a true and correct copy of the Registration Certificate issued to the nominated stallion by the United States Trotting Association.

(a) The eligibility and nomination of a previously registered stallion may be renewed upon the submission of a nomination application form and the nomination fee determined by the Board.

(b) No person shall be authorized to nominate a standardbred stallion unless the nominator is duly licensed by the Board as a horse owner.

(c) A stallion shall be nominated to the official registry prior to the time he is first used for breeding purposes in California.

(d) On or after November 30, 1977, the closing date each year for nominations of stallions for the succeeding breeding season shall be November 30th of each calendar year.

**§ 2026. Grounds for Refusal of Nomination.**

In addition to any other valid ground or reason, the Board or its designee may refuse to accept a nomination of a standardbred stallion for the California Sires Stakes Program when:

- (a) The stallion is used for breeding purposes outside the State of California at any time during the season for which he is to be or has been nominated.
- (b) The stallion does not meet the requirements for nomination or is nominated after the published closing date for such nominations.
- (c) The nominator of a stallion is not licensed as a Horse Owner.
- (d) The nominator of a stallion is not the owner in fact of the said stallion and is not authorized by power of attorney to act on behalf of the true owner or owners of the said stallion.
- (e) The nominator of a stallion has broken or violated any rule or condition regarding participation in the California Standardbred Sires Stakes Program as provided in this article.

**§ 2027. Grounds for Termination of Eligibility.**

In addition to any other valid ground or reason, the Board or its designee may terminate the eligibility of a nominated standardbred stallion after having given notice of such termination to the nominator of the stallion and after giving such nominator the opportunity to be heard, when:

- (a) The stallion is used for breeding purposes at any place outside the State of California during the breeding season for which he is nominated and registered.
- (b) The nominator or true owner or owners of the stallion fail to comply with any rule or condition of the nomination or registry requirements.

**§ 2028. Publication of Registered Stallions.**

The Board or its designee shall publish a complete list of standardbred stallions as registered with the Board or its designee on or before the 15th of December of the calendar year preceding each breeding season in such form as the Board shall determine. The fact that the name or identity of a standardbred stallion is not published shall not affect the nomination or eligibility of such stallion nor shall it impose any liability on the Board or its designee in the absence of malice or intent to deprive a nominated stallion its eligibility.

**§ 2029. Ownership of Stallion for Award Purposes.**

An award made to any stallion pursuant to the California Standardbred Sires Stakes Program shall be paid to the person designated on the application for nomination filed with the Board or its designee and payment to such designated person shall relieve the Board or its designee of any further liability for payment. Any required notice or any service of process shall be made to such designated person and shall be considered as service or notice to all partners, shareholders in interest, or others holding any financial interest in such stallion. The Board or its designee may withhold any award pending a determination of eligibility and shall give notice of the withholding of award and the reasons therefor.

**§ 2030. Breeding Contracts.**

All breeding contracts with registered standardbred stallions shall contain therein a statement as a condition of the contract that the stallion has not left and will not leave the State of California for breeding purposes during the breeding season of the contract. Validation includes, but is not limited to, verification of current CHRB license numbers and signature verification.

(1) If the validated signatures are found to meet the requirements of subsection (b) in this Rule, the Board shall thereupon establish a date and conduct an election among the existing organization's licensed members.

(d) A deciding vote of fifty percent (50%) plus one (1) of the ballots returned shall be used to determine the one organization to be acknowledged as representing the organization's licensed members.

(a) A racing association, fair, or other entity proposing to act as a guest association shall complete an Application for Authorization to Operate a Simulcast Wagering Facility, CHRB-25 (Rev. 1/23), which is hereby incorporated by reference. Form CHRB-25 shall be available at the Board's administrative office. The application shall be filed with the Board at least ninety (90) days prior to the first day of racing for review, investigation, and approval based on the following conditions:

- (1) In order to allow an evaluation of the competence, integrity, and character of the applicant to operate a simulcast wagering facility, any person, corporation, trust association, partnership, or joint venture shall submit with the application a Personal History Record, CHRB-25A (Rev. 04/23), which is hereby incorporated by reference, for the following:
  - (A) If the applicant is a corporation, the officers, the directors, and each owner, directly or indirectly, of any equity, security, or other ownership interest in the corporation. However, in the case of owners of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to beneficially own five (5) percent or more of the publicly held securities need be disclosed.
  - (B) If the applicant is a trust, the trustee and all persons entitled to receive income or benefit from the trust.
  - (C) If the applicant is an association, the members, officers, and directors.
  - (D) If the applicant is a subsidiary, the officers, directors, and stockholders of the parent company thereof. However, in the case of owners of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to beneficially own five (5) percent or more of the publicly held securities need be disclosed.
  - (E) If the applicant is a partnership or joint venture, all of the general partners, limited partners, or joint venturers.
  - (F) If the parent company, general partner, limited partner, or joint venturer of any applicant is itself a corporation, trust, association, subsidiary, partnership, or joint venture, then the disclosure of such information shall be made, as necessary, to determine ultimate ownership. However, in the case of owners of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to beneficially own five (5) percent or more of the publicly held securities need be disclosed.
  - (G) If the applicant employs a management company, disclosure shall apply to the management as set forth in subsections A through F, as appropriate.

- (2) The applicant has executed an agreement with a simulcast organization for the conduct of simulcast wagering at its facility; or may act on its own behalf by contracting with simulcast service suppliers and each individual racing association or fair to act as a guest association. A copy of each signed contract must accompany the application, CHRB-25 (Rev. 1/23).
- (3) Every licensed simulcast facility shall be inspected by the fire authority having jurisdiction, as dictated by that authority's inspection schedule. After each inspection, a fire clearance by the fire authority must be obtained by the simulcast facility and filed with the Board within ten (10) calendar days of its receipt. This clearance must indicate that the facility meets the standard of fire safety set by the fire authority and that said facility is in compliance with fire safety codes as are applicable in that jurisdiction.
- (4) Every simulcast facility shall be equipped with a downlink system consisting of a network broadcast quality satellite receiving antenna coupled with a broadcast specification Ku and/or C band receiver compatible with the encryption system used, with motorized directional control, electrical service, coaxial cabling, or equivalent or industry-accepted cabling, closed-circuit TV monitors and audio system, and a public address system.

The patron area shall be designated on the application by the applicant. Such area shall be the inclosure-public, as defined in Section 2056(j) in this Article, of the simulcast facility. No form of horse racing wagering, either in person or by the use of runners, messengers, or otherwise, shall be permitted outside the inclosure. All odds data made available to the guest association by the host association shall be displayed at all times. For new facilities, the only offices permitted in restricted parimutuel access areas will be those required for operation of the parimutuel system.
- (6) The guest association shall appoint, and have on duty while racing is being conducted, a simulcast facility supervisor or an assistant simulcast facility supervisor as defined in Section 2056 (a) and (n) in this Article.
- (7) Every person employed by a guest association within the restricted area of the inclosure, as defined in Section 1420(v) in this Division and Section 2056(j) in this Article, of the simulcast facility is required to be licensed pursuant to Sections 1440 and 1481 in this Division.
- (8) Every guest association shall provide security personnel to protect the public and maintain the peace within the simulcast wagering facility. Additionally, the guest association shall maintain such security controls over its inclosure and premises, as defined in Section 1420(q) in this Division, the areas where uplink and downlink equipment is located, fencing, access gates, cables, wires and power lines and warning notifications where uplink and exterior equipment is located, and the equipment room where inside downlink receiving components are located, as the Board's Executive Director or his/her designee shall direct. Guest associations shall also remove, deny access to, eject, or exclude persons as provided by Sections 1980 and 1989 in this Division.

Guest associations shall have the right to request, in writing, that the Chairman of the Board grant a stay from such security controls directed by the Executive Director within seventy-two (72) hours

of the directive. If granted, such a stay shall remain in force until an appeal can be considered at the next regularly scheduled public meeting of the Board. An appeal must be submitted, in writing, at least two (2) weeks prior to the meeting date. The directive will be in force until a stay is issued or the Board renders its decision on the appeal. Decisions by the Board shall be final.

- (9) No guest association shall conduct wagering on any race or races other than those approved by the Board or simulcast by its host association.
  - (10) No guest association, except as provided for in Business and Professions Code Section 19605.3, may discontinue its operation nor conduct any activity that would cause interruption of the signal without giving the Board and the host association prior written notice within fifteen (15) calendar days of such discontinuance or other change.
  - (11) Plans for new, proposed simulcast facility sites or for the remodeling or alteration of existing sites shall be submitted to the Board for review prior to the preparation of construction drawings. The Board shall review and approve said plans relative to security for the parimutuel operations, placement of data lines, and overall compatibility with Board policy and regulation within thirty (30) working days from the date the plans were received. If applicable, the simulcast organization named in the agreement described in (a)(2) of this Section shall be notified by the guest association of the availability of the plans and shall have the right to review them relative to security for the parimutuel operations and placement of data lines and comment to the Board prior to Board approval or denial of the plans.
  - (12) In the case of a fair, the Department of Food and Agriculture must approve the application pursuant to the provisions of Sections 19605.1, 19605.2, and 19605.6 of the Business and Professions Code. Such approval is not required for the California Exposition and State Fair and the Los Angeles County Fair.
- (b) (1) The Board will notify an applicant in writing within thirty (30) calendar days from the receipt date by the Board's Administrative office if its application is incomplete. This notice will include instructions as to what is required of the applicant to complete the application.
- (2) If the applicant fails to submit all documents needed to complete the application within one year from the receipt date of the application by the Board, the Board shall purge said application and all documents submitted thereto and require resubmittal of an application if the applicant, thereafter, intends to procure a license pursuant to this section.
- (c) The Board shall approve or deny an application within sixty (60) calendar days from the date the application is deemed complete by the Board.
- (d) If the Board denies approval of the application, the applicant has thirty (30) calendar days, from the receipt date of the Board's denial notification, to request a reconsideration of the Board's decision. This request must be in writing and sent to the Board's Administrative office. If reconsideration is denied, the applicant has thirty (30) days to file for Superior Court review in accordance with Section 19463 of the Business and Professions Code.

(e) The approval of the application by the Board shall constitute a license to operate as a simulcast wagering facility, the term of which shall be five years from the date the license is issued, subject to the compliance provisions of Section 19433 of the Business and Professions Code.

(f) Subsequent to the issuance of a license to operate as a simulcast wagering facility under this article, if changes or amendments are made to information or operating procedures contained in an Application, the applicant shall submit a written request to the Board for approval of those changes or amendments. The Board shall approve the request, unless said changes or amendments result in the application failing to meet the requirements of this section.

(g) Each guest association licensed prior to January 1, 2025, pursuant to subsection (a), shall file a new application, form CHRB-25 (Rev. 10/23), by January 1, 2026, to renew its license.

**§ 2058. Duties of A Racing Association or Fair Offering Simulcast Wagering.**

(a) A racing association or fair may simulcast its racing program as the host association and/or any other association or fair racing programs as an authorized user either by forming its own simulcast organization as defined in Rule 2059 of this division or by acting on its own behalf by contracting with each individual fair or racing association simulcast facility or by contracting with an existing simulcast organization. If the association or fair acts on its own behalf, it is responsible for all of the provisions outlined in Rule 2060 of this division.

(b) A host association is responsible for the content and broadcast quality of its simulcast and shall use all reasonable effort to present a simulcast which offers viewers an exemplary depiction of its racing program, e.g., pre-race activities such as the paddock area, pony riders and racehorses on the track, the starting gate, the actual race in its entirety and post race activities such as the replay of the race, the finish line showing the horses crossing in slow motion, any replay where there is an inquiry by the stewards, the winner's circle and excerpts of the race. A periodic display of wagering information shall be shown, e.g., the odds information, win, place and show pools and the probable payouts on different types of wagers on the screen and scanning of the tote board on an intermittent basis. The simulcast shall contain continuity programming between horse racing events, e.g., display of the paddock and walking ring, replays of the previous race, the horses and outriders, odds information and overall activity at the track.

(c) Simulcasts must be encrypted using a time displacement decoding algorithm encryption system. If new technology is available, approval by the Board's Pari-mutuel Operations Committee must be obtained before its use by a simulcast facility. Approval shall be requested in writing to the Board. The Board shall act to approve the request at its next regularly scheduled Pari-mutuel Operations Committee meeting if the request is received two weeks before the meeting date.

(d) The content of every simulcast video will contain a digital display of the calendar date, time of day, name of the racetrack from where it emanates and the number of the race being displayed. All replays of races will be so designated on the video image.

(e) Every host association shall make its totalizator system available for common pooling of pari-mutuel amounts from guest associations with pari-mutuel pools. All wagers made available by a host association shall be made available to all simulcast facilities.

(f) If the host association is authorized by the Board to simulcast a feature race for wagering use by any California racing association, fair or simulcast facility, and is authorized, under Section 19601(a)(3) of the Business and Professions Code, not to combine the wagers made at the other association, fair or facility with its own pari-mutuel pools, the association shall nevertheless pay the license fee on all amounts wagered on the feature race based on the license fee schedule applicable to its race meeting.

(g) A facsimile (FAX) machine must be available at all times in the totalizator room for ease of administration when pools are merged with other simulcasting facilities.

The Board shall act to approve or disapprove the agreement within 45 calendar days of the date of its receipt by collective action at a noticed public meeting. The Board shall act to approve the agreement when:

- (1) The agreement with each host association specifies the terms and conditions under which the simulcast organization will administer the audio-visual transmission of the host association's racing program for simulcast wagering purposes, for a period of not less than the entire term of the host association's race meeting and on the conditions agreed upon by the parties.

(b) A simulcast organization shall provide the following to its guest locations:

- (1) Pari-mutuel personnel/supervisor, pari-mutuel terminals and telecommunication equipment for the transmission and reception of pari-mutuel data to and from the totalizator utilized by the host association, pari-mutuel odds display data, and courier or armored transport services for the delivery of pari-mutuel funds and receipts for which the simulcast organization is responsible. Any pari-mutuel wagering odds display data available at the host association shall be available at all guest associations participating in that host's pari-mutuel pools.

- (3) A simulcast audiovisual signal of horse races being held or conducted at its contracting host associations. Every simulcast shall be encrypted using a time displacement decoding algorithm encryption method.
- (4) Access to the totalizator equipment operated by the host association conducting its meeting to combine the pari-mutuel wagers from the guest associations with the pari-mutuel pools formed by the wagers accepted at the host association.

(c) A simulcast organization is strictly responsible to the Board to transmit the same high quality audio-visual signal as transmitted by the host association and for the conduct of pari-mutuel wagering at each contracting simulcast facility under this division, and as required by Business and Professions Code Section 19608.2.

(d) Audiovisual signals must be of broadcast quality and the simulcast organization shall initiate a test program of its transmitter, encryption and decoding system, and data and voice communication systems not later than 20 minutes before post time of the first race of the simulcast racing program to ensure proper operation of its system.

(f) The simulcast organization shall, at the written request of any representative of the Board, display a listing of all locations where the organization or its simulcast service supplier has placed a decoder unit. The listing shall include the serial number of each decoder, and whether or not the decoder is electronically enabled to decode the encrypted simulcast.
